

ATONG GLORY

Frontend Developer · UI/UX & Graphics Designer

atongglory17@gmail.com | github.com/atongglory | linkedin.com/in/atongglory

SUMMARY

Frontend Developer, UI/UX & Graphics Designer crafting fast, accessible and visually striking web interfaces. Blends clean code with strong visual design sense — from wireframes and mockups to pixel-perfect React builds. Problem-solver passionate about turning ideas into polished digital products people love to use.

EXPERIENCE

Senior Full-Stack Developer — TechNova Labs

2022 – Present

Lead development of a SaaS analytics platform serving 50k+ daily events. Built real-time dashboards with React and Node.js, cut API p95 latency by 40%, and mentor a team of 4 engineers.

Full-Stack Developer — BrightApps Studio

2019 – 2022

Delivered 20+ client projects: e-commerce platforms, booking systems, and custom CMS builds. Owned features end-to-end from database schema to pixel-perfect UI.

Junior Web Developer — PixelWorks

2018 – 2019

Developed responsive marketing sites and internal tools with JavaScript, React and Express.

KEY PROJECTS

Analytics Dashboard (React, TypeScript, Recharts)

2024

Real-time KPI visualization platform with custom report builder and role-based access control.

E-Commerce Platform (Next.js, MongoDB, Stripe)

2023

Full storefront with cart, payments, inventory admin and order tracking for 10k+ SKUs.

SKILLS

JavaScript / TypeScript, React, Next.js, Node.js, Express, MongoDB, PostgreSQL, Tailwind CSS, AWS, Docker, GraphQL, Git, Jest

EDUCATION

B.Sc. Computer Science — San Francisco State University

2014 – 2018
